

## **NPFD delivers fire safety books**

Fire safety professionals from across the state teamed up to deliver a children's book on fire and burn safety to licensed group daycares in North Prairie recently. Members of the North Prairie Fire Department delivered 75 books to three daycares and pre-schools.

Hilary Bilbrey, a Stevens Point resident and children's author, has collaborated with Wisconsin Alliance for Fire Safety (WAFS) to bring the true story of her son Breck's burn injury to a young audience. "Brecker Bunny Learns to be Careful ... A Lesson in Fire and Burn Safety" is a story that exposes multiple fire and burn safety messages especially for the day care age group of 18 months to 5 years.

The Brecker Bunny book is a useful tool helping children make the right choices regarding safety.

The goal of the book is to help prevent fires and burns before they happen. Included at the end of the book is a lesson plan for parents and teachers to help reinforce the everyday safety messages throughout the book. A home checklist for fire safety is also included as is some timely tips to keep the home a safe place to live.
