

Dear Mrs. Bilbery, Brecker Bunny really got burnt. I feel sad for Brecker Bunny. It is good you made the book Brecker Bunny learns to be safe. A girl in my class is burnt. Her name is Laura. Lots of people call her names like burnt face. Even if she is different that doesn't mean people can call her names. If I saw someone burnt I will never call them names. How old is Brecker now? How much scars did Brecker get? Thank you for making that book.
